Eviz plus[®]+

At EvizPlus, we believe cookware is more than a kitchen tool it is an essential part of the cooking experience. That is why we focus on every detail, from material selection and manufacturing precision to ergonomic design and premium finishing.

Crafted for Culinary Excellence

1. Before first use, wash the pan with hot water and dish washing liquid then grease the pan with oil.

2. Don't use metal tools, such as spatula, spoon and fork of instead use wood or plastic tool utilizes please.

3. Do not use abrasive wires or powders to clean containers.

4. Avoid heating to an empty container.

5- Avoid sudden change in the temperature of the containers and temperature shock to them

6. All of the dishes especially pans for cooking use, not just one part.

7- Best condition for washing dishes, using hot water, dish washing liquid and soft sponge.

8. To extend the life of the dishes and their outer color, place each container in proportion to the size of the flame on the gas.

9. Carefully refer to supercharge likely damage the contents of the container exterior paint it.
